Flashcards, Posters, Media Player,
Pre-Test and Post-Test
- Monolingual Cartoon Series Pt. 2

IMPLEMENT:

- Immersion School

TRAIN INSTRUCTORS:

- Summer Institute
- Language Weekends

What Our Partners Say:

Janine Pease
Coordinator
Crow Summer Institute

"It became apparent we needed the Language Consortium here on the ground. The Summer Institute has brought our teachers together and increased their expertise exponentially. We've built a group of professional Crow language educators that didn't exist before."

Bernadine Young Bird
Coordinator
MHA Summer Institute

"Working with The Language Conservancy has been an eye opener. Lately our people are really excited about the apps developed by the Language Conservancy. That's what our new learners need. TLC has the technical skills and linguistic expertise we need."

Stanley Holder
Executive Director
Acoma Board of Education

"Tribal membership realized we were rapidly losing the language. We had to take a more systematic approach to language preservation and revitalization. That's what The Language Conservancy provides. Working with them has been heartwarming."

Vida Stabler
Program Director
Umó'ho' Language and Cultural Center

"Our tribal members and educational institutions were struggling to create teaching materials. By working with the Language Conservancy on textbooks, audio CDs and the Summer Institute, we've taken a big step forward."

From the Lakota Community...

*LSI is awesome. It's opened the door to learn so much more.
I feel like my comprehension is soaring.*

*The people who put this together have done the Lakota language,
and the world, an enormous service.*
